1. Regarding the paving of the two speed bumps at Central Park, a question was raised whether the speed bumps should be "keyed in" or paved at the same time as the surrounding surface. The Park District will leave this decision to the contractor's discretion.
2. Regarding the removal and replacement of the two wood posts at Saddle Brook Park, the posts are currently in the ground surrounded by dirt/stone. The contractor may replace the posts with the same method of installation.
