**GENERAL NOTES**

1. All construction shall be in accordance with the requirements of the code applicable to the locality where the work is to be done, by the authority having jurisdiction.
2. The project will be subject to all applicable building codes, mechanical, electrical, life safety, fire and plumbing codes.
3. All work shall be done in accordance with the standards and requirements of the American National Standards Institute (ANSI) and other appropriate codes and standards.
4. No errors or omissions shall be considered to be the responsibility of the Architect/Engineer.
5. The Architect/Engineer reserves the right to make changes in the plans and specifications without prior notice.
6. The Contractor shall be responsible for the execution of the work in accordance with the plans and specifications.
7. All work shall be done in accordance with the plans and specifications, except as permitted by the Architect/Engineer.
8. All work shall be done in accordance with the standards and requirements of the American National Standards Institute (ANSI) and other appropriate codes and standards.
9. The Architect/Engineer reserves the right to make changes in the plans and specifications without prior notice.
10. The Contractor shall be responsible for the execution of the work in accordance with the plans and specifications.
