

**March 16, 2026 Regular Board Meeting
Follow-Up: Clarifying Information**

Agenda Item 3: Open Forum

- The pickleball court project is currently on hold, and as a result, there is no planned timeline for court closures. We will share information if the project moves forward in the future.
- Our 2019 and 2023 bonds can be partially redeemed in advance of their full maturity dates under certain conditions. Such early redemptions could occur as early as October 30, 2027 and January 1, 2032, respectively.

Agenda Item: 6B Pickleball Funding Options

- Any potential loan from the Tennis Center Enterprise Fund will require Board approval via an adopted resolution/ordinance which should have language that clearly states the transaction is a loan with the expectation of repayment in its entirety including identifying the repayment terms and interest rates.

Agenda Item: 8B RFP for the License and Use of the Family Recreation Center

- Residents account for 5% of Knights Basketball players, while participation in the Get Better League is approximately 13%.

Agenda Item: 9B Ten-Year Capital Improvement Plan

- The estimated budget for the Outdoor Tennis Courts Rebuild Project was provided by Upland Design in the amount of \$1,850,000 and is based on recent bid results for similar scopes of work at other agencies.
- This project is entirely funded in the Tennis Center Enterprise Fund, which does not rely on any tax dollars and is predominately funded from revenues derived from fees and program income.

We strive to provide the **very best** in **park** and **recreational opportunities, facilities,** and **open lands** for **our community.**
