- a. Capital Improvement Project Summary Sheets

Dr. Laure Kosey stated that projects for the upcoming fiscal year (FY) have been identified but not prioritized, and staff are currently compiling detailed information for each project. The prioritized list will be coming.

Commissioner Chan indicated that she would like more details than the budget number alone to make an informed decision and then asked who completed the summary sheets.

Dr. Kosey answered that the staff leading the project completed the survey. Dr. Kosey added that life expectancy and maintenance can be added to the summary sheets.

7. REPORTS

- a. Administration and Enterprise Operations Report

Dr. Laure Kosey presented her report, which can be found in the Park District's records.

Dr. Kosey clarified that they are only moving forward with the process in order to budget for the next FY for the Tennis Center project. Alin Pop, Superintendent of Enterprise Operations, will give a presentation next month.

President Knitter emphasized tonight is a vote to go out to bid to find out the Tennis Center project costs and explore opportunities.

Commissioner Chan questioned the wording in the Board Packet and stated the need to explain all the expenditures.

b. Finance and Human Resources Report

Marco Salinas presented his report, which can be found in the Park District's records.

Salinas stated that the fund balance is in surplus for the first five months but will decline as the FY continues.

Commissioner Vescovi asked if there will be enough in the Tennis Center fund to cover the Tennis Center project and other expenses.

Salinas responded that the Tennis Center has accumulated a surplus, ensuring there will be sufficient funds to cover the project while also building up the reserve. Pop had anticipated the project's cost and set aside savings for it.

Attorney Adams reminded the Board the Tennis Center does not take any property tax money.

c. Recreation and Communications Report

Robert Pechous presented his report, which can be found in the Park District's records.

Commissioner Chan questioned who should write the opening message for the quarterly newsletter; she stated that Dr. Kosey is not a Board member or resident so should not provide the message in the quarterly newsletter. President Knitter responded due to Dr. Kosey's experience and apolitical work it is appropriate for her to write the message. Many residents speak to Dr. Kosey concerning the Park District. Commissioner Ivkovic Kelley reminded Commissioner Chan that Dr. Kosey is the Executive Director, and many have spoken positively concerning the newsletter. Commissioner Gondek stated that the newsletter targets the residents and is good to continue, so Dr. Kosey should be writing the message considering she represents more of the residents' voices due to her daily interaction with them.

d. Parks and Facilities Report

Bob Johnson presented his report, which can be found in the Park District's record.

Johnson reported that the modernization of the elevator has been completed and will be in service after an inspection. The interior of the elevator will be renovated in January, so it will be out of service again at that time.

Commissioner Vescovi noted a few park districts who follow a calendar FY so the budget is prepared before the tax levy is requested.

President Knitter stated that she has asked Dr. Kosey to investigate the process of changing the fiscal year.

Dr. Kosey added that possible options to change the fiscal year will come in January.

Attorney Adams responded that many of his clients have changed from May 1 FY to calendar FY.

Commissioner Chan questioned increasing taxes and should instead reduce expenses and use the surplus in the reserve. Commissioner Chan suggested paying down the debt, and she opposes the tax levy increase.

President Knitter read the amount each commissioner would pay with the increased tax levy. President Knitter stated the increase in taxes is justifiable due to inflation.

Commissioner Gondek asked Attorney Adams the timing of the tax levy and the upcoming budget.

Attorney Adams explained the timing of the budget and the tax levy. There is flexibility since the tax levy does not need to be compliant with a particular budget. There are options to abate or adjust.

Commissioner Gondek will approve the tax levy in that case.

The motion passed by roll call vote.

Ayes: Commissioners Gondek, Ivkovic Kelley, and President Knitter

Nays: Commissioners Chan and Vescovi

Commissioner Chan recommended President Knitter be the delegate. Dr. Kosey stated that there is an early request for a delegate and the commissioners are welcome to attend. President Knitter responded that the most knowledgeable representative should be the delegate which is Dr. Kosey. Commissioner Ivkovic Kelley stated that the Park District won the Gold Medalist award due to Dr. Kosey's leadership and the work of the staff, and it would be informational for Commissioner Chan to attend.

President Knitter stated that she would approve the process but is not yet comfortable approving the project itself.

Commissioner Chan suggested that the motion wording be edited.

Attorney Adams modified the motion to obtain bids.

Commissioner Chan stated that there will be nothing remaining in the reserves when paying for the project, and she wants to avoid taking out a loan for the project. Commissioner Chan requests a more rigorous analysis and details in the cost research using a larger sample size.
